Demands to the State Capital and the Region Hannover

1. A right to vote in local elections for non-EU citizens
2. Promotion of native languages and admission as 2nd foreign languages up to the Abitur (high school graduation)
3. Round Table for the Promotion of equal opportunity for people with migration history in the education sector
4. Participation in cultural life: Offers by cultural institutions should be created diversely, so that they are appealing for people with different cultural backgrounds.
5. Specific promotion measures in different areas of life (education, work, social commitment) for women with migration history
6. Increase of multilingual offers of assistance and care especially for elderly migrants
7. Considerable improvement of accommodation for refugees: Refugee homes signify a social exclusion of refugees. They should only be considered an emergency solution for a short period of time.
8. Facilitation of access to language courses and qualification measures for all refugees
9. Migrant self-organizations (MSO) should not only be included in the evaluation and development process of the Local Integration Plan (LIP), but should play a key role.
